About the book

In *Finish Big*, Bo Burlingham tackles a common problem—how to exit your company well. Sooner or later, all entrepreneurs leave their businesses and all businesses get sold, given away, or liquidated. Whatever your preferred outcome, you need to start planning for it while you still have time and options.

Burlingham interviewed dozens of entrepreneurs across a range of industries and identified eight key factors that determine whether owners are happy after leaving their businesses. His book showcases the insights, exit plans, and cautionary tales of entrepreneurs. Through such stories, Burlingham offers an illuminating and inspirational guide to one of the most stressful, and yet potentially rewarding, processes business owners must go through. And he explores the emotional challenges they face at every step of the way.
