Leadership Lab 20/20 is 10-month program for both emerging and established leaders who want a clear vision of how to create high performance teams through better communications, interpersonal skills and culture building.

We offer 2 programs, both limited to 10 people:

MULTI-COMPANY CLASS

A group comprised of 1-2 people from a variety of companies and industries. This class has rolling start date in March and September.

CORPORATE TRAINING

All attendees are from the same company and the program is conducted at your workplace. On-site corporate training can start anytime.

You took 12 associates and made them into friends and leaders. I can't wait to take all we learned and apply it to my team and beyond. In my eyes your energy, enthusiasm and care is what made the class so special.

– TESS STRAYER, WPIT, Barry Isett & Associates

Participating in Leadership Lab 20/20 has increased my self-awareness, revealing areas to enhance my own personal and professional growth. My monthly check-ins with were an added bonus to the Leadership Lab experience. Thank you Cheyenne, for seeking to understand me personally, while providing thought-provoking perspectives and ideas to further develop my personal leadership.

– KELLY COBLENTZ, PHR, SHRM-CP, myHR Partner

The leadership lab definitely taught me things about myself. If it wasn't for this dedicated time for ourselves and our team, I probably still wouldn't know these things.

– CAITLIN FENSTERMACHER, Eight Oaks Distillery

I am really thankful for the 4 hours a month we put aside all the other to-do lists and focused on each other, our goals, and where we want to be personally and professionally. Without this leadership lab, we would not have had that focused time.

– CARLY BUTTERS, Eight Oaks Distillery

After 10 months of our Leadership Lab work, today it REALLY HIT HOME that we have made a LOT of progress and I am so thrilled with our team's response to this effort!

– LIESEL GROSS, Lehigh County Authority
